

# Privacy Policy - RangeLead

*AI-generated document - not legal advice. Review with a licensed professional before signing.*

## 1. Introduction

RangeLead collects and processes data to provide high-quality lead generation services.

## 2. Data Collection

We collect business names, addresses, phone numbers, and website status from sources like Google Maps, Yelp, and Facebook.

## 3. GDPR Compliance

For users in the EU, we ensure rights to access, rectification, erasure, and data portability.

## 4. CCPA Compliance

For California residents, we provide the right to know, delete, and opt-out of the sale of personal information.

## 5. Data Usage

Data is used to identify businesses lacking websites and to provide actionable leads.

## 6. Data Sharing

We share data with our clients and trusted service providers.

## 7. Security

We implement industry-standard security measures to protect your data.
